

Release Notes

xMid Version 26.06

Content

1. General.....	2
2. Order.....	2
Legend.....	3

1. General

description
<p>Extension: advanced customer search > agencies</p> <p>The agencies section in the advanced customer search has been optimised so that sorting, filtering and searching now produce results more quickly.</p>

2. Order

description																
<p>Extension: order > display of flight times for arrivals on the previous day</p> <p>For flights that cross the International Date Line, the arrival may occur on the day before the original departure date. Previously, this could not be reflected in the flight times in xMid.</p> <p>From now on, it is possible to manually adjust the flight times by adding a '-1' to account for this.</p>
