1. Order

Description
<p>Bugfix: Duplicating and moving process for orders, converting offers into orders</p> <p>When duplicating, moving and converting an order/offer (within a database), the secondary price lines such as fees, discounts and agency commissions are copied in addition to the main price lines, and the service details are correctly copied.</p>
<p>Extension: Addition of BSP codes (Carrier IDs)</p> <p>612 for "TUI fly Belgium" and 593 for "flynas" have been added to the list of BSP codes (corresponds to the carrier ID in the ticket of the xMid order).</p>

Legend

Extension = Software extension, new function may be associated with additional costs. Please contact your support if you are interested, we will be happy to help you with advice.

Bugfix = Fixing of errors
